## Pennsylvania Disabled Hunters Program

### About Us:

The Pennsylvania Disabled Hunter's Program ("PA DHP") was founded in 1999 through the vision of an outdoorsman that wanted to assist people with disabilities experience outdoor adventures. For over 25 years The Pennsylvania Disabled Hunters Program has assisted with getting individuals "back into the wild" through sponsorship of guided trips adapted to their individual needs.

To grow the organization in May of 2023 the decision was made to form a corporation and in November 2023, The Pennsylvania Disabled Hunters Program was granted its 501(c)(3) non-profit status.

### Mission:

To help those with disabilities get back into the wild! For many of our recipients, the outdoor experience is not about a trophy. Whether it's about regaining and restoring their sense of independence/freedom, enabling them to discover their "abilities" or pushing them to pursue their passions that perhaps are perceived lost or unattainable due to the effects of their disability. Whatever their personal reason, it is all about the adventure!

Our goal is to sponsor at least ten fully paid outdoor adventures annually to deserving recipients and get them back into the wild!!

### Funding:

Executing our mission is only made possible through the generous funding we have received from members of the community and generous people like you! With your help we can expand our program to assist more individuals with disabilities.

The program is funded primarily from the proceeds from our yearly fund-raising banquet. The banquet has become one of the premiere sportsmen events in the area, typically selling out each year at around 300 attendees. 100% of the profits go towards funding our mission.
