Pennsylvania **Disabled Hunters Program**

About Us:

The Pennsylvania Disabled Hunters Program was founded by members of the United Bowhunters of PA. Ernie Kramer's vision in 1999 has grown into an organization that sends approximately 10 hunters per year on fully paid guided hunts across North America and South Africa.

Ernie presented his idea to the UBP leadership in 1999 and gained approval to move forward, and the "United Bowhunters of PA Disabled Hunters Program" was formed. Ernie was encouraged by David Sullivan of Buckmasters Disabled Hunter Services. They agreed to supply a hunt if Ernie could come up with the funds for the transportation to the hunt. The Physically Challenged Bowhunters of America (PCBA) and Buckmasters supplied the applications that first year. Each year the program grew a little and before long, a dedicated committee was formed. The program currently sends at least six disabled hunters on hunts each year. The program is funded primarily from the proceeds from our yearly fund raising banquet. The banquet has become one of the premiere sportsmen events in the area, typically selling out each year at around 300 attendees.

In May of 2023, the decision was made to pursue IRS status as a 501(c)(3) so we could continue to grow as a non-profit charity. The Pennsylvania Disabled Hunters Program was created as a corporation, and in late November 2023, it was granted its non-profit status.

Mission:

Help hunters from Pennsylvania with disabilities experience the thrill of hunting.
